Molecular Motion Mysteries with Mad Science

Let's talk about tele-communications! Students link to a network and work with radio signals. Children wing through a cell tower relay and track cell phone users. See how simple machines lighten your load! Launch with levers, secure with screws, and work with wedges. Explore the energy of motion (potential versus kinetic energy), and how energy can be conserved. Model the moving plates of the Earth that cause bends and breaks. Simulate the effects of an ocean oil spill, and develop creative techniques to clean it up! Explore the energy of motion (potential versus kinetic energy) while constructing a catapult.

Instructor: Mad Science

Lego Robotics

Lego Robotics provides wonderful hands-on opportunities for the students to experiment and learn about the fundamentals of robotics, construction and computer programming. We will be using Lego bricks to build around a micro-computer and using computer software to bring the robot to life Each station with 1 laptop and 1 Lego kit, has no more than 3 students.

Steppin' Up Knitting

For the knitter who has mastered the beginner class or can cast on and do garter stitch independently. If you're ready to take your knitting to the next level, this class is for you! We'll learn to read and follow a pattern, check a gauge, try different types of needles (including circular) and more! We will knit some cute projects, starting with an "oh so cute!" hat! To start, students need to bring in size 10 US straight (long length) needles, and 150 yards of worsted weight yarn of their choice.

Adult Intermediate Knitting Circle

For those who can cast on and knit garter stitch, and are ready to build more skills (or have completed the beginner course). Several projects will be created starting with an "oh so cute" hat that can be made in sizes from children to adults, as well as a seamless project "knitting in the round" on circular needles. In this comprehensive, step-by-step, fun class, you'll learn to read patterns, check gauge, master more difficult stitches (including cables) and more! Students need to bring in size 10 (longer length preferred) straight needles and one skein (150 yards) of worsted weight yarn of their choice to start. Other materials needed discussed in class. Open to students from advanced beginner to advanced, students may also bring independent projects for help and instruction.

Time to Get Frozen

Come join former Disney artist, Kristine Humber for an exciting art class this winter! We will draw snowmen and reindeer, mountains and castles, snowy trees and sparkly ice droplets, to name a few. We will use a variety of art mediums to create these exciting winter scenes and characters. The ultimate goal will be to create a final art piece with a foreground, middle ground and background element in a fabulous, frosty environment along with fun characters. So bring your smock and your imaginations for a great time! All art instruction and supplies are included.

Clays the Way!

Come play and learn about the properties of clay. We will be exploring a range of possibilities including the different techniques and methods used to hand build. Working with form, space, volume, texture, design and balance we will be developing our critical eye that helps us make informed choices. We learn to think like sculptors through deductive reasoning. We learn to look at form originally emerging from the material. Clay feels good! The experience of clay allows us to explore our sense of touch, sight, sound, and smell. In an era of digital technology, it is primary to come back to being directly connected to our hands in the molding process.

Sculpture: Working in 3D

Have fun learning to explore and investigate the art of sculpture using the Design Elements (Line, Shape, Form, Color, Texture, Pattern and Space), and design principles (balance, movement, contrast and emphasis). By using a variety of media such as cardboard, wire and more, we will engage directly with the hands on approach of the creative process solving problems and discovering possibilities, outcomes and surprises. Experimenting creates a focus and develops persistence through a trial and error process. We don't give up until we find a way that works! In a supportive setting, children will develop the confidence to take risks, and will value their own ideas and solutions as well as those of their peers. Remember learning to create is learning to see! There are no mistakes, only discoveries!

Drawing Mixed Media

Join Paint, Draw & More! Paint, Draw & More! offers fun classes that allow your child to express their creativity, while we teach them technical skills that help them blossom and build self-esteem through their artistic accomplishments. Our classes are fun, engaging and each project is developed with your child in mind. We teach young artists how to build an image vocabulary, and develop problem-solving skills through the medium of art. Whether your child continues in the arts, or chooses another path, this creative development will enhance their intellectual growth and understanding of math, history and the sciences. Drawing fundamentals like shape, contour, design, color and medium are progressively used every week so your child can create new and varied works of art they can be proud of and excited to share.

Advanced Drawing Mixed Media

Paint, Draw & More is proud to have perfected the art of igniting children's creative instincts. Our fun and informative drawing classes for older children and teens are specifically designed to build on your child's knowledge of drawing, and to teach them technical skills as they develop their unique style. This advanced drawing class will provide a variety of drawing mediums, or children can choose to bring their own. We encourage students to work in black and white, or color; whichever best achieves their vision. Students are asked to bring a sketchbook to class, but it is not mandatory.

Aikido

Aikido will meet on Monday evenings from 7:15-8:30 and Saturday mornings from 9:15-10:30. We will have a somewhat flexible schedule due to travel. This is a mixed class of children and adults. Aikido is a gentle martial art that can be experienced and enjoyed by the whole family. The grace and power of Aikido comes from using the attacker's force to throw him/her with minimal effort. The Aikido principles of balance, blending and non-resistance teach students to seek creative alternatives to conflict, both physical and verbal. By training in a supportive, non-competitive atmosphere, students will learn and experience: useful physical skills such as rolling and falling safely; creative conflict resolution, body awareness and practical self-defense skills; enhanced coordination of mind and body; improved balance and coordination; increased self-confidence and self-discipline while having fun along the way. In a world increasingly filled with stress and conflict, the lessons of Aikido are useful tools for both children and adults. We are associated with Berkshire Hills Aikido in Great Barrington, MA. Adults and children 8 years and older are invited to experience this special art form. For more information please call (203)-364-1380.

Refund Policy

All programs are self-supporting and a commitment needs to be made to instructors and staff. Therefore, NO REFUNDS will be given after the start of a program EXCEPT for medical reasons, upon receipt of a physician's note. A physician's note should be given to Parks and Recreation at the time of the incident; they will not be accepted after the program is completed. Communication to Parks and Recreation at onset of the condition is required. Refunds for cancellations made within **one week prior** to the start of a program are issued, but a \$10 processing fee will be charged. No refunds will be given once a program is complete. (NO EXCEPTIONS).

Please Note:

- ◆ All Parks and Recreation programs are on a first-come, first-served basis.
- ◆ Parks and Recreation does not send confirmations. No news is good news! Please assume you are registered for the program(s) you have selected. You will be contacted only if there is a problem.
- ◆ Parks and Recreation cannot be responsible for loss of mail or postal delays; please register online.
- ◆ Program participants are reminded NOT TO PARK IN FIRE LANES, per order of the Fire Marshall. Fire lanes are those areas in front of each school which are painted yellow.
- ◆ When participating in a program at the Teen Center please park in front of the Teen Center ONLY. Do not park in front of businesses.
- ◆ Program participants must enter and exit buildings through designated, secure locations.
- ◆ Sign up to receive our recreation brochure and recreation cancellations at www.newtown-ct.gov, by subscribing to E-Alerts.. Follow instructions on the web page, or call 203-270-4340.
- ◆ The Newtown Parks & Recreation Commission meets the second Tuesday of each month. Public input is welcomed at these meetings.
- ◆ If a participant displays unruly behavior, he / she will be asked to leave the program and NO refund will be given.

Do Not Wait Until Last Min.

Nothing spoils a good program quicker than everyone waiting until the last minute to register. If there are not enough registrations by a certain date, the program may be canceled. Please register early.

Cancelation Policy

Programs held at the Newtown Schools follow the school schedule. Therefore, if schools are closed or canceled then Parks & Recreation programs at the schools will be canceled. Programs held at the Newtown Teen Center, Newtown Youth Academy or an offsite location **do not always follow the school schedule**. In the event of inclement weather or other factors beyond our control, programs may need to be canceled. If program(s) are canceled; in most cases make up sessions will be offered. If you cannot attend the makeup session no refunds will be given. Please sign up for our Recreation E-Alerts on our website www.newtown-ct.gov.

Residency Defined

A person whose primary residence, *either as an owner or renter*, is considered a Newtown resident.

No exceptions to this rule.

Proof of residency is required.

Non-Resident Policy

Non-resident registrations will be accepted at the beginning of registration, however there are limited spots. Not all programs allow for non-resident participation.

- ◆ Non-residents will be required to pay an additional \$15.00 per program.

Photo Release

Newtown Parks & Recreation Department and the Newtown Bee may video tape or take photos of participants enrolled in our programs. These photos/videos may be used for promotional purposes.

Inclusion Statement

In an effort to meet the recreational needs of all residents of Newtown, the Parks & Recreation Department has adopted a policy of inclusion. Although some facilities are not yet wheelchair accessible every attempt will be made to accommodate and encourage people with disabilities to participate in our programs. Please use comment section on the registration form detailing your circumstances.
